Dear Sir or Madam

We, FUJIAN NANAN GAOYINGQI ELECTRONIC CO., LTD. acknowledge this equipment meets the requirements of FCC Rules, Parts 90.203 (e) and (g)(1) as applicable.

that transmitters with external controls normally available to the operator must be internally modified to place the equipment in the programmable mode. Further, while in the programmable mode, the equipment shall not be capable of transmitting. The procedures for making the modification and altering the frequency program shall not be made available with the operating information normally supplied to the end user of the equipment.

And that the product has one antenna, one battery capacity and one body-worn and one headset.

Please contact the undersigned if you have any questions or need any further information.

Regards

FUJIAN NANAN GAOYINGQI ELECTRONIC CO., LTD.
